Front Entrance & Side Doors

Zenith Garage Doors now offer a fully comprehensive range of front entrance and side doors in styles to match your garage door.

Thermo pro - entrance doors

A beautiful shaped door leaf made of steel or aluminium without a visible leaf.

High thermal insulation

With a 46mm thick door leaf completely filled with CFC free rigid foam, these doors provide excellent insulation thus reducing your energy bills. Double seals on all four sides and additional corner seals near the bottom provide extra protection against bad weather.

8 point security

Because you and your family want to feel safe at home, all thermo pro doors are equipped with multiple-point locking as standard for extra security.

Certified brand quality

All thermo pro doors are manufactured in line with ISO9001 and regularly subjected to the strictest quality tests.

For further information on all products, site survey quotation or to request full comprehensive brochures please contact us. Brochures include all the features, optional extras and entire colour range available.

Why not view one of these fully sized doors in our new extended showroom.

Zenith also supply Automated Gates through Access Solutions. Full details / brochure on request.
