

Personnel Doorsets – Adjust2Fit Expander Frame

PERFECT FIT, PERFECT FINISH

Every door set includes:

- A comprehensive fixing kit supplied with every door including all the nuts, bolts, screws and cover caps you need, as well as full instructions.
- A fully adjustable frame to bridge the gap between the door frame and the rebate, ensuring a perfect fit with the minimal use of sealant, even if the brickwork is uneven.

STEP 1: First align the frame into the door opening

STEP 2: Ensure you have a square and tight frame using the adjuster screws

STEP 3: Once the frame is in position, drill through the frame adjuster screws

STEP 4: Insert the frame fixers

STEP 5: The fully tightened frame fixers are recessed half way into the frame adjuster screws

Complete installation kit supplied with every door. (Kit may differ to that shown)
